COURSE DESCRIPTION:
This course is designed to introduce methods and techniques students can adopt to promote their perseverance and success at the college. Specific topics include college procedures and resources, academic advisement, time management, goal setting, test and note taking, health issues and other areas related to student success in college.
(1.5 Credits)

COURSE OBJECTIVES:
To promote a positive academic and social adjustment and assimilation into SUFFOLK COUNTY COMMUNITY COLLEGE.

• This objective will be accomplished through journal assignments that reflect personal and academic growth, small group discussions, participation in campus events, and community services.

To define short-term as well as long-term goals within professional and educational spheres (such as career development and academic advisement).

This objective will be accomplished through representatives in careers, services and academic advising using SCCC catalog and Banner interface for SAIN and course choices.

To improve student attitudes toward the teaching/learning process and toward faculty.

This objective will be accomplished through exploration of learning styles, note-taking methods, listening skills, college reading expectations study skills, test-taking methods, and writing required for college.

To expand knowledge of information literacy, research writing and tutoring service.

This objective will be accomplished through two library lectures along with a visit and/or lecture on the value of reaching out for help at the Academic Skills Center.

To promote computer literacy and activities involving the use of word processing for assignments, e-mail for communication, and sending assignments, the internet for information literacy and My SCCC for Banner.
To provide students with additional training, practice, experience, and knowledge in the following skills areas: decision-making, goal setting, planning, values and time management, relationships and group/teamwork.

This goal will be accomplished through journals and sessions on interpersonal skills, diversity, social issues, time management and academic skills.

At the end of the course, each student must complete a personal portfolio of work accomplished that every objective has been met.

**ATTENDANCE POLICY**

Students are expected to complete all assigned work on time, to attend class regularly, and to participate in class discussions and activities. Excessive absence is defined by the college as more than one class meeting. Excessive absence or lateness, whether excused or unexcused may result in a grade penalty and/or removal from the class roster.

**CLASSROOM CLIMATE**

COL101 is an academic course taught as a seminar where students are expected to share responsibly with the instructor for both the teaching and learning in the course. As such it is expected that all will:

- Practice personal academic integrity
- Respect the dignity of all persons
- Respect the rights and property of other’s opinions
- Demonstrate concern for others, their feelings, and their needs for conditions which support their work and development

**WRITTEN ASSIGNMENTS**

1) **Campus Activity Report**: The Campus Activity report is a one page typed synopsis for a scheduled student activity event held on campus (i.e. Lecture, Multicultural Thanksgiving, etc.)

2) **Library Research Project**: The class will visit the campus library for a presentation by the librarian. Students will learn how to access the library’s database and complete a related assignment.

3) **Career Inventory**: Complete the assigned online career inventory. Then make an appointment with a campus Career Counselor in Corchaug 007. After the meeting write up a one page synopsis of your experience.

4) **Resume**: Students are required to create and submit a resume based on prior educational and work experience.

5) **Occupational Interview**: This assignment will ask students to explore an occupation of interest, interview someone in the field and present your findings to the class.

6) **Autobiography**: This assignment will allow students to explore and evaluate aspects of their personal journey. It will also allow students to explore their collegiate goals and career aspirations.

**STUDENTS ARE REQUIRED TO ATTEND**

** One campus activity event of the student’s choice.
** Library Orientation – Library – To Be Determined
** Career Workshop - To Be Determined
** Computer Center Orientation
An occupational interview is a powerful assignment that takes place when you interview someone doing the kind of work you have a personal interest in. An occupational interview is one of the best ways to obtain accurate up-to-date information and gain personal insights into a specific occupational area. The occupational interview is often completed as part of a job shadowing experience or may be completed independently on its own.

In order to make the most of completing an on-site occupational interview, it is important to do some research on the occupational area prior to the interview itself. A good career development website is www.nycareerzone.org.

During the occupational interview, the person being interviewed is asked to respond to a standard set of questions on the kind of work they are involved in. However you are also encouraged to develop your own set of questions and add those to the list to ask during the interview.

I hope this interview with real people working in real jobs that reflect your occupational interests will provide you with some of the necessary building blocks needed for a successful career choice.

Assignment:

1) Review the results from the online career inventory.
2) Choose a professional in the field you plan to pursue.
3) Contact that person and ask if you can interview them (the interview will take approximately 20 minutes).
4) Write up the responses to the attached questions, so that you can present them to the class in a concise organized manner.

Occupational Interview Questions

What is your occupational job title?

What qualifications are required for entry into this position?
Where did you obtain your qualifications and training for this position? How long did it take?
