Suffolk County Community College
College-Wide Retest Policy
2013–2014

If a student has taken the College Placement Test (CPT)—and has not begun the course(s) into which he or she has been placed—and requests a retest for all or part of the CPT, the following guidelines will be used when considering the request*:

For students placed into any developmental course:
- Students with an unweighted high school GPA of 75 or above may be retested in any discipline, and
- Students must wait two weeks before retesting (can be waived if close to semester start date).

Students without HS GPA of 75 or above:
For students who place into second-level reading (RDG099) or English (ENG010):
- Students with a grade of 85 or higher on any of the above-mentioned Regents examinations can be retested on the Sentence Skills portion of the CPT.
- Students with a grade of 75 or higher on the Global Studies Regents examination can be retested on the reading portion of the CPT.

For students who place into first-level reading (RDG098) or English (ENG009):
- Students with a grade of 65 or higher on Global Studies, U.S. History, or Earth Science Regents examinations. Can be retested in reading or English.

For students who place into developmental mathematics at any level (MAT001, MAT006, or MAT007):
- Students with a Regents exam grade of 85 or higher on the Algebra Regents (or Math A Regents) can be retested in math.
- Students should be directed to use math practice websites before retest:

*If approved, a student may only be retested once on all or part of the CPT.*
